PROFESSIONAL LOG HAULERS AND HARVESTERS IN NORTHERN ALBERTA

Exact Harvesting is an independently owned logging operations company with its head office in La Crete, Alberta. We're a company with the utmost concern for the health and safety of all our employees and subcontractors on our worksites. When we do a job, we bring an experienced team that strives for excellence on the worksite and deal with matters professionally. We believe in open discussion across all levels of our business: an atmosphere of honest feedback between team and ownership is what helps us grow.

With an excellent fleet of equipment and top-performing staff that cares about doing a good job with minimum downtime, we're equipped to handle any project that comes through our doors. We are here to grow as a business: we take pride in setting goals that impact both the overall operation of Exact Harvesting and the individual projects we take on.

CERTIFICATIONS & AFFILIATIONS:

WE STRIVE TO MAKE A POSITIVE IMPACT IN OUR OPERATIONS

Health, safety and respect for our environment are central to Exact Harvesting's company culture. We are committed to keeping our employees as safe as possible while minimizing our impact on the world around us.

All of our employees receive on-the-job training and mentorship, and we encourage them to continue learning and improving their skills. We have mandatory safety orientations, hands-on supervision and regular face-to-face meetings where safety concerns are brought to management's attention. We have qualified safety auditors on staff, and we require our employees to follow all rules and regulations. Nobody does safety like Exact Harvesting.

We are proud of our reputation for safety and environmental protection, and would be happy to discuss our practices.

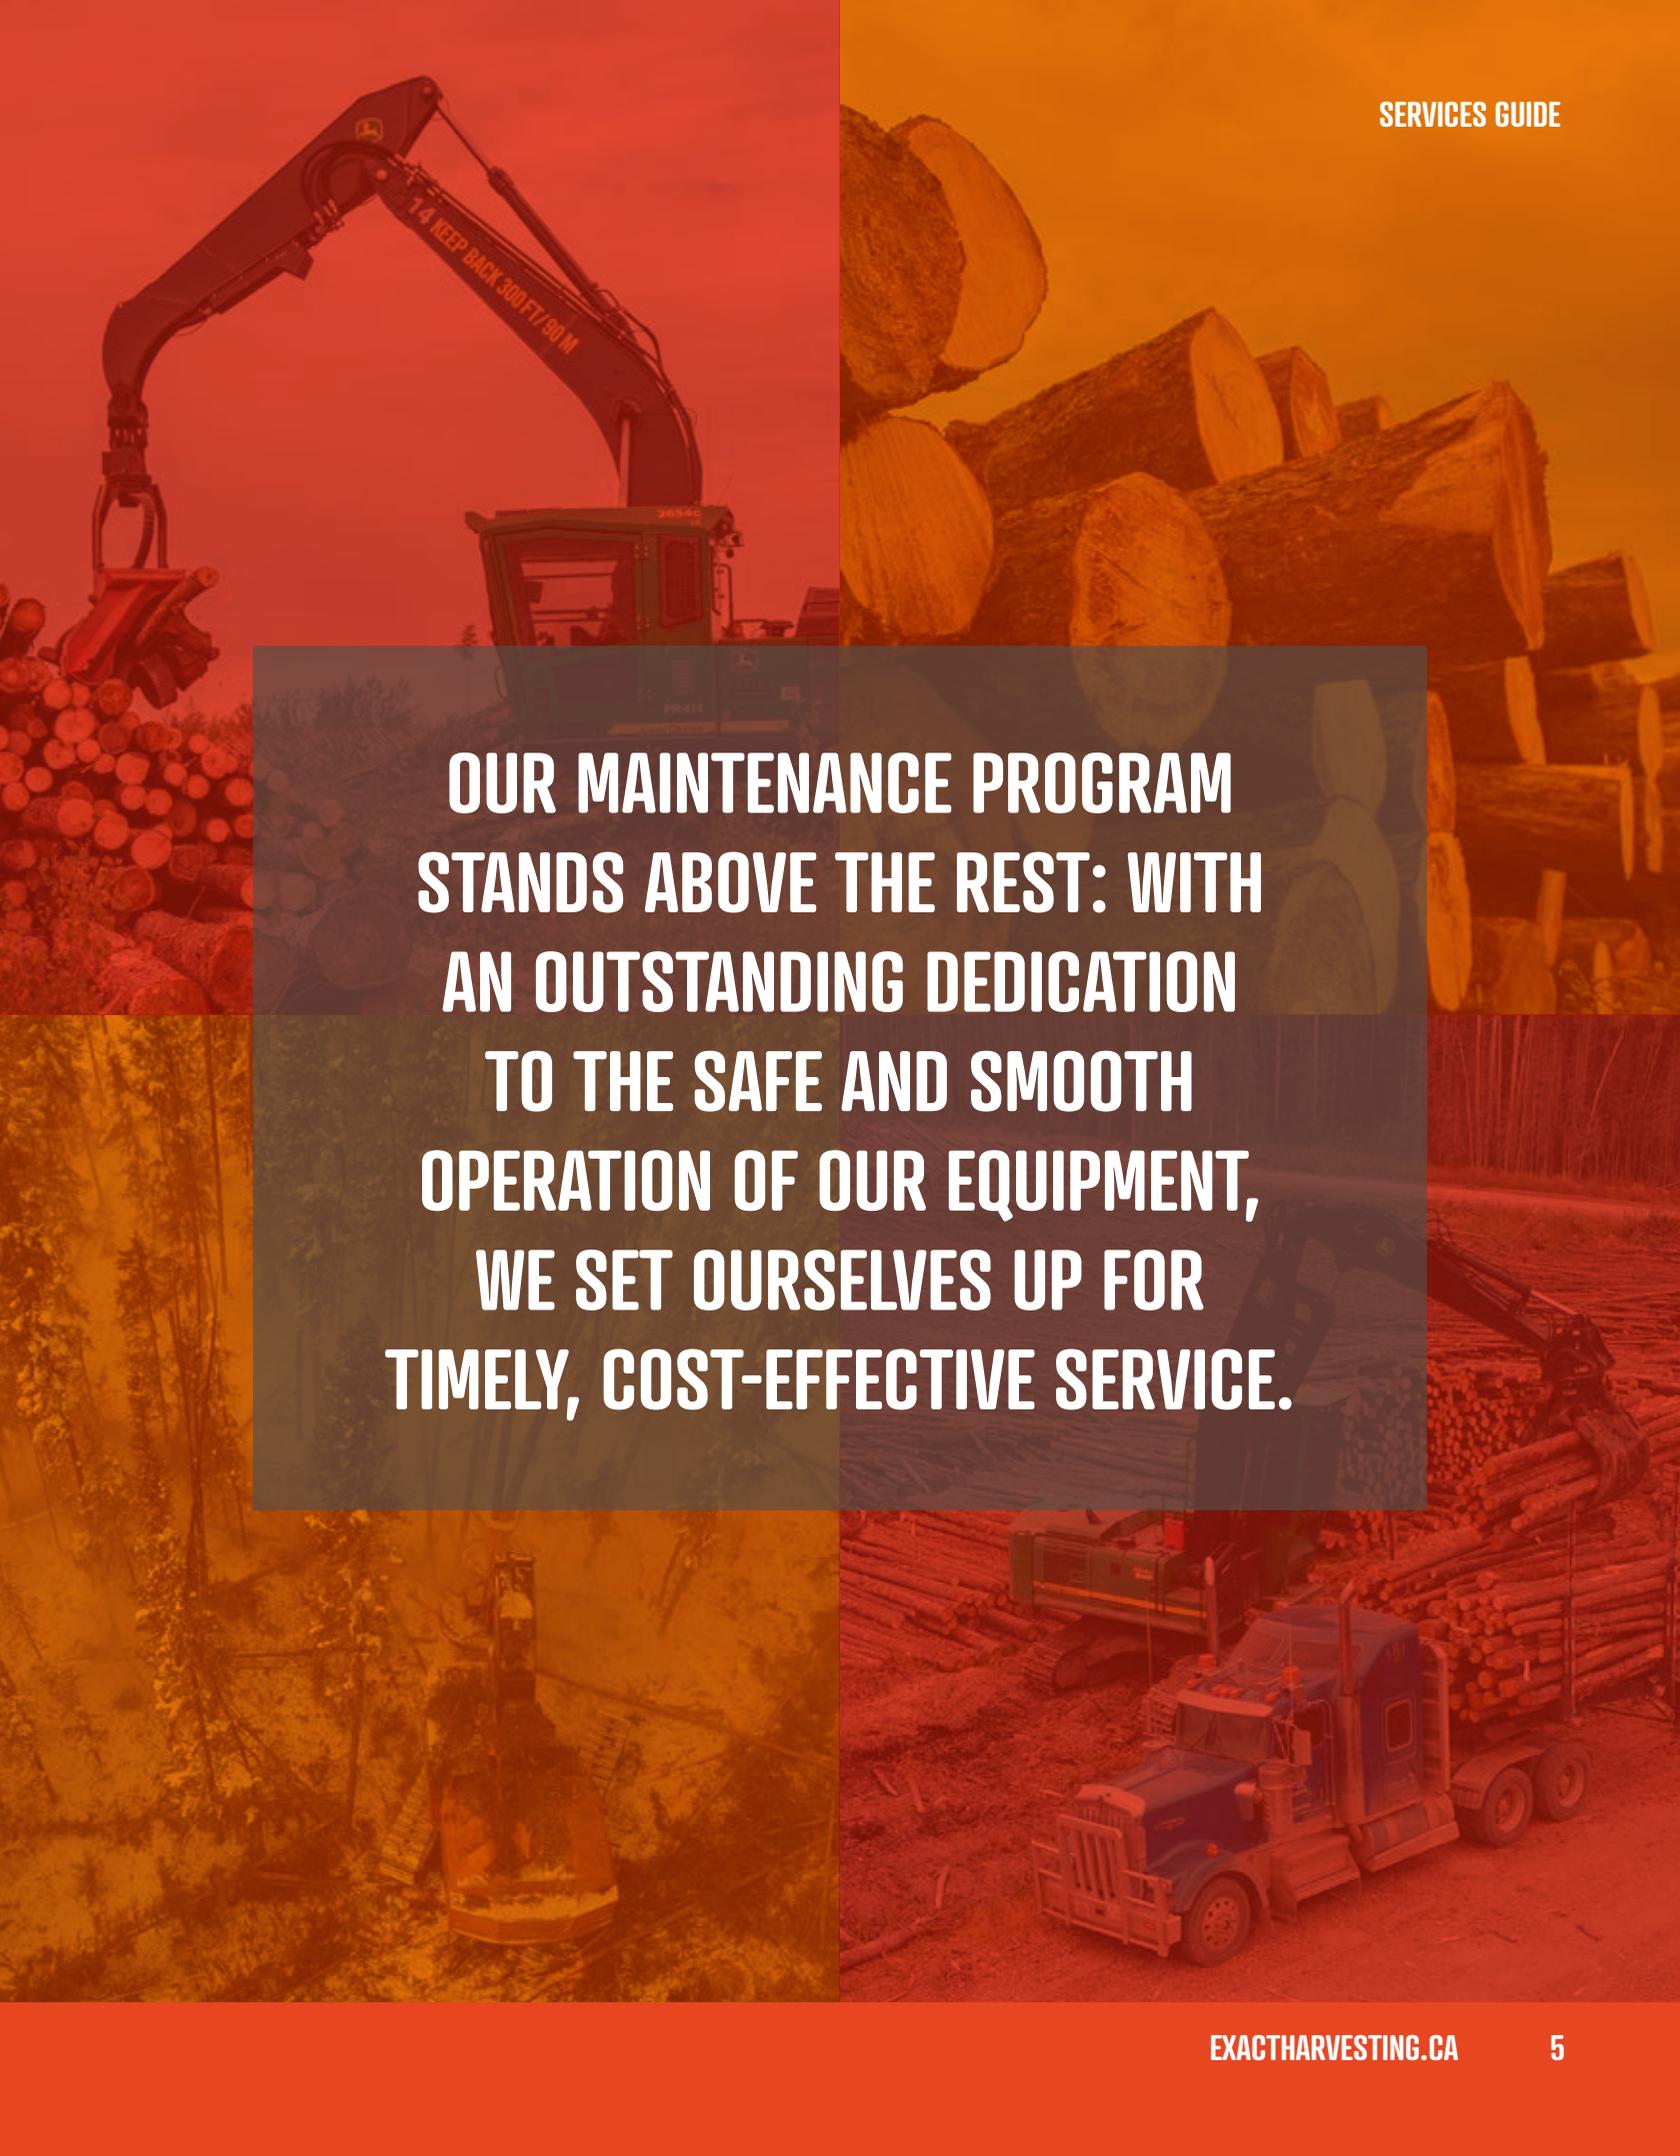

LOGGING SERVICES

We provide cost-effective log harvesting services to all of Northern Alberta. Beyond logging, we specialize in building seedling snow caches, line clearing, winter road clearing, silviculture site preparation, and year-round access road building. You can be confident in our well-maintained machines and expert operators to do the job right.

We take care of our logging projects from start to finish, including cutting, transport and delivery. Our stump-to-dump services are driven by a powerful team of operators running advanced and carefully maintained equipment. Exact Harvesting provides a wide range of logging-related services for your convenience, including winter access road building, pipeline crossings, silviculture site preparation and more.

- BUILDING SEEDLING SNOW CACHES
- ACCESS ROAD BUILDING (WINTER & SUMMER)
- SNOW CLEARING
- LINE CLEARING
- PIPELINE CROSSINGS
- SILVICULTURE SITE PREPARATION

The background of the page is a collage of four images related to logging, all with a warm, orange-red color cast. The top-left image shows a harvester with a long boom and a grapple, with the text '14 KEEP BACK 300 FT/90 M' visible on the boom. The top-right image shows a large stack of cut logs. The bottom-left image shows a skidder operating in a forest. The bottom-right image shows a blue semi-truck with a trailer loaded with logs.
